Dear Shareholders,

The members of the Board of Directors of the Company (the “**Board of Directors**”) would like to inform you by this notice of the following amendments to the Company’s prospectus (the “**Prospectus**”), dated 8 december 2022.

I. Amendment to section “3. THE MANAGEMENT COMPANY” of the Prospectus

The Board has decided to amend the general part of the Prospectus, section “3. The Management Company” in order to clarify the remuneration policy of the management company of the Company (addition(s) in bold and deletion(s) in strikethrough):

“Subject to the conditions set forth by the Directive 2009/65/EC, the Management Company is authorized to delegate under its responsibility and control, and with consent and under supervision of the Company and its Board of Directors, part or all of its functions and duties to third parties.

Management companies are required to define a remuneration policy that is consistent with sound and effective risk management. This principle is precisely defined in the AIFM Directive (2011/61/UE, in particular Annex II), the UCITS V Directive (2014/91/EU), as well as in the French Monetary and Financial Code (Article L. 533-22-2) and the AMF General Regulation (Article 319-10).

The AMF has also published professional guidelines for investment services providers with a view to the practical application of legal and regulatory provisions.

Lastly, the remuneration policy complies with Article 5 of the SFDR - Regulation (EU) 2019/2088.

The Management Company’s remuneration policy is fully compliant with sound and effective risk management. It does not encourage risk-taking that might be inconsistent with the risk profiles, regulation or regulatory documents of the UCIs managed by the Management Company.

The Management Company’s remuneration policy is aligned with the economic strategy, objectives, values and interests of the Management Company as well as the UCITS it manages, and includes measures to prevent potential conflicts of interests. The remuneration policy has been put in place in order to: actively support the strategy and objectives of the Management Company; promote the competitiveness of the Management Company on the market in which it operates; ensure its attractiveness and the development and retention of motivated and qualified employees.

The general principles of the Management Company's remuneration policy are as follows:

- **The fixed component of remuneration takes into account the real situation of the labour market.**
- **The principle of equal pay for men and women, including with respect to career development.**
- **Each employee undergoes a skills assessment and evaluation process with the definition of qualitative and quantitative objectives.**
- **Non-contractual discretionary variable remuneration that rewards employees' performance. The variable portion is therefore reviewed each year by team and for each employee.**
- **The principles of variable remuneration comply with a principle of fairness that aims to motivate the greatest number of employees.**
- **Since 2020, the "contribution to the Management Company's responsible investment approach" has been a collective objective, set for all the Management Company's employees, and is included in determining their annual variable remuneration.**
- **The Management Company implements a deferred variable remuneration mechanism for risk takers awarded a variable remuneration of more than €200K; in application of the UCITS V and AIFM Directives.**

Details regarding the compensation policy are available online on the following website: www.lfde.com or free on request from the Management Company.

~~The remuneration policy of the Management Company is consistent with and promotes sound and effective risk management and does not encourage risk-taking which is inconsistent with the risk profile, rules or instruments of incorporation of the funds managed. Furthermore, the remuneration policy is in line with the business strategy, objectives, values and interests of the management company and the UCITS that it manages and of the investors of this UCITS, and includes measures to avoid conflicts of interest.~~

~~The remuneration policy reflects the Management Company's objectives for good corporate governance as well as sustained and long-term value creation for the investors of the Company and is compliant with article 111ter, paragraph (1) point b) of the Investment Fund Law, according to which the remuneration policy is in line with the business strategy, objectives, values and interests of the Management Company, the Company and the Shareholders and includes measures to avoid conflicts of interest. The remuneration policy has been designed and implemented to:~~

- ~~be able to attract, develop and retain high-performing and motivated employees; and~~
- ~~address any situations of conflicts of interest. For that purpose, the Management Company has implemented and maintains an adequate management of conflicts of interest policy.~~

~~Employees of the Management Company are offered a competitive and market-aligned remuneration package making fixed salaries a significant component of their total package. Moreover, the assessment of performance is set in a multi-year framework appropriate to the holding period recommended to the Shareholders in order to ensure that the assessment process is based on the longer-term performance of the Company and its investment risks and that the actual payment of performance-based components of remuneration is spread over the same period. Fixed and variable components of total remuneration are appropriately balanced and the fixed remuneration~~

~~components represents a sufficiently high proportion of the total remuneration to allow the operation of a fully flexible policy on variable components, including the possibility to pay no variable remuneration component.~~

~~The principles of the remuneration policy are reviewed on a regular basis and adapted to the evolving regulatory framework. The remuneration policy has been approved by the board of directors of the Management Company.~~

~~The details of the up-to-date remuneration policy including, but not limited to, a description of how remuneration and benefits are calculated, the identities of persons responsible for awarding the remuneration and benefits including the composition of the remuneration committee, where such a committee exists, can be found on the website of the Management Company (i.e. www.lfde.com).
